### Information for Proponents

The following information is provided in clarification to questions raised by Potential Proponents on September 5, 2017.

This addendum #3 contains 3 page in total.

This was not in the form of a question, but more of a clarification. In which will be discussed below.

There was still some confusion as to what type of vinyl membrane would be used, since the product being asked to reference is Sarnafil/ Sika Plan. Upon research of the products from Sarnafil/ Sika Plan the City would like to recall amendment 2 and state:

**The vinyl membrane that will be required for the bid is NOT a TPO vinyl membrane, but will be a 60 mil PVC vinyl membrane.**

**Potential bidders will still have to submit one (1) base bid and two (2) alternative bids, with this corrected information.**

Please annul and replace addendum 2 with this work sheet:
